

Software & Technology Specialist | Systems Engineer | Data Solutions

Profile

Results-driven technology and engineering professional skilled in software development, data pipelines, and systems engineering. Experienced in full-cycle project implementation, technical troubleshooting, and designing robust, scalable digital solutions. Eager to contribute technical excellence to progressive engineering teams.

Professional Experience

Software & Systems Engineer 2022 – present
Technology Solutions Group Germany

- Develop, test, and maintain robust software modules and backend REST APIs using Python and modern frameworks.
- Build automated ETL and data ingestion pipelines connecting relational databases and third-party APIs.
- Containerize microservices using Docker and establish CI/CD workflows for reliable and reproducible deployments.
- Participate in agile sprint ceremonies, code reviews, and architecture planning sessions to deliver high-quality software.

Junior Technical Analyst 2020 – 2022
Engineering & IT Services

- Supported software debugging, system integration testing, and performance optimization for client applications.
- Created automated test suites and comprehensive technical documentation for internal developer handoffs.
- Assisted in database schema migrations and SQL query optimization for high-throughput transactional systems.

Education

Bachelor of Engineering (B.E. / B.Tech.) 2016 – 2020
Technical University / College

Computer Science / Electronics / Mechanical Systems.

Key Skills & Expertise

Core Domains: Software Development & Architecture, System Integration & API Engineering, Data Engineering & Database Management, Cloud Infrastructure & DevOps Basics

Software & Tools: Python, JavaScript / TypeScript, SQL, Docker, Git, Linux / Bash, PostgreSQL, MongoDB, REST APIs

Languages: English (Professional Proficiency), German (Working Knowledge (B1/B2)), Hindi (Native)

Leadership, Credentials & Practical Information

- Proven track record in agile software delivery and system reliability engineering

Work Authorisation: Work Authorization in Germany

Driving Licence: Driving Licence Class B
